Ergonomic Design Reduces Strain & Fatigue
Maximize Comfort

KIDS LOVE CRESCENT PRODUCTS

Crescent's Child Booster Seat is the most supportive, comfortable and fun solution for dentists looking to make their dental chairs better suited to younger patients. Our Booster Seat is specially designed to raise children into optimal positions for treatment and x-ray imaging.

Available in Three Colors and Two Fun Prints!

Comfortable and Supportive

The soft foam core keeps children comfortable while supporting them, allowing operators to treat and clean teeth with ease.

Easy to Clean

Can be easily sanitized by using Birex, Cavi-Wipes, or your favorite disinfectant.
